The Gospel Coalition’s 2015 National Conference was held in Orlando, Florida April 13-15, 2015. More than 6,000 gathered together to consider the theme of our eternal home from 50 states and over 50 countries.

The conference titled Coming Home: New Heaven and New Earth sought to stir longing for our ultimate home in heaven as we explored the sweep of redemption from creation to consummation, from Genesis to Revelation. Through times of worship, prayer, fellowship and instruction, we sought to reaffirm the Bible’s teaching on eschatology and declare in word and song with joyful hope that Jesus is returning soon. Along with the nine main plenary sessions we had more than 50 workshops and focus gatherings led by speakers addressing topics including evangelism, homosexuality, student ministry, sexual abuse, faith and work, and more.
