Correspondence about Applications

The Admissions office on the Cordova campus responds promptly to all inquiries after initial application materials are submitted. Inquiries are welcome by visiting our website or by telephone, using the above information. Applicants are notified as soon as the Admissions Committee has acted on the prospective student’s request for admission.

Campus Visits

Prospective students and other guests are welcome to visit either campus. Tours of the facilities, meetings with faculty and students, and classroom observation are arranged by the Admissions office assistant at the Cordova campus and the director at the Northeast campus. Chapel services are a highlight of a visit. The admissions counselor will direct prospective students to administrative offices, faculty members, or other personnel who are available to provide information, counseling, and prayer concerning God’s will.

This catalog has locator maps for directing prospective students to the campuses. (See the Buildings and Facilities section). Upon request, the Seminary will provide information concerning lodging while visiting the campus.
**Dates for Student Admission and Registration**

**Registration Schedule**

Students enrolling for the first time are encouraged to enroll in the fall semester. Many multi-semester curriculum offerings, particularly biblical languages, begin only in August. Students may, however, enroll at the beginning of any of the academic semesters. The Academic Records office will advise prospective students of specific dates.

**Deadlines for Application**

Application deadlines are published in the academic calendar. Application for admission for associate, bachelor, and master programs, and all supporting documents is best to be received by the Admissions Department at least thirty days before the student’s first registration to allow processing and consideration by the Admissions Committee. Students may register for classes only after receiving written notification of admission approval from the Academic Records office. (Doctoral students should refer to the respective program guidelines for information regarding application.)

**Policy of Nondiscrimination**

Mid-America Baptist Theological Seminary admits students of any race, color, national, or ethnic origin. The Seminary does not discriminate on the basis of race, color, age, national, or ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, or other school-administered programs. The rights, privileges, and activities accorded to students are given equally to all students who have been admitted.

**Students with Disabilities**

The Seminary makes every effort to provide full access to higher education for all qualified students. Students with hearing or other physical disabilities will be given all the assistance needed in order for them to succeed. All facilities on both campuses are equipped with wheelchair access.

**Regulations Concerning General Admission**

Each prospective student should consider carefully the following regulations concerning admission to the Seminary before submitting any application materials:

**Christian Experience and Conduct**

Mid-America Baptist Theological Seminary is a Christian institution whose primary purpose is to provide graduate theological training for effective service in church-related and missions vocations. Applicants to the Seminary must have professed
Christ as Savior for at least one year before registration. Maturity of character, personal integrity, and commitment to Christian service are necessary for acceptable study in the Seminary.

It is required that students preparing for the ministry shall conduct themselves in a manner deemed by the Seminary as consistent with biblical standards of moral purity. In particular, married students are expected to maintain marital fidelity, and single students are expected to maintain sexual abstinence. Departure from biblical standards of moral purity disqualifies individuals for admission to the Seminary or continued enrollment.

**Regulation Regarding Divorce**

The Seminary does not admit anyone as a student who has ever been divorced or whose spouse has ever been divorced. This regulation applies without exception both to those who are innocent parties of divorce and to others. Such a policy does not judge the manner of life of any divorced person. The regulation, however, is established as a witness to God’s original intention for the lifelong covenant of marriage. Matthew 5:32; 19:3–9; Mark 10:5–9; Luke 16:18; and Malachi 2:16 are the primary biblical passages that support this understanding.

**Regulations Regarding Female Students**

The Seminary admits women as students to study only for the associate of Christian education, bachelor of arts in Christian studies, master of arts in Christian education, master of Christian education, master of missiology and intercultural studies, doctor of ministry in missiology, doctor of ministry in Christian education, doctor of philosophy in church history, education, missions, and practical theology (biblical counseling track) programs. These programs are designed to prepare students for ministries in education, counseling, or cross-cultural missions. Degree programs designed to prepare students to serve as ordained pastors (associate of divinity, master of divinity, doctor of ministry in practical theology, and doctor of philosophy in Old Testament [including Hebrew], New Testament [including Greek], theology, and practical theology [pastoral track]) are available only to male students. Female students are welcome to audit or to take for credit any individual course offered in the curriculum for which they are otherwise qualified. This policy accords with the Seminary’s conviction that the ordained pastor of a church must be male. The following is the trustee resolution mandating this: "We believe that God has signally blessed women and has given them a position of honor and opportunities for service." However, we believe that Scripture prohibits a woman serving as pastor of a church. The following Scriptures specifically refer to this regulation:

- **1 Corinthians 11:3 ff.** This passage teaches that women are under the leadership of men. (This headship relates to functional relationships, not spiritual standing.) For a woman to serve as pastor/teacher reverses this creation ordinance.
• 1 Timothy 2:9–15. This passage is part of a larger context which outlines the qualifications of bishops (pastors) and deacons and forbids women to exercise positions of authority and teaching over men. Therefore, a woman should not be pastor of a church.

• Genesis 2–3. In the record of Creation and the subsequent fall of man, Adam stood in a primary relationship over Eve. The ramification of this position was intensified by the Fall (i.e., the negative aspects of subordination of woman to man) but was in existence prior to the Fall. Thus, from Creation and in the Fall, the woman is subordinate to the man, which is the basis of Paul’s argument in 1 Timothy 2:13–14 in which women are forbidden to teach or exercise authority over men in the church.

Admission to the Associate Degree Programs

In addition to the Regulations Concerning General Admission, applicants for admission to the associate degree programs must meet the following requirements:

Minimum Education

All applicants to the associate degree programs must have graduated from high school or received a Graduate Equivalence Diploma (GED). Students who have graduated from college with a baccalaureate degree will not be admitted to the associate degree programs.

Conditional Admission

Exceptions to these published requirements must be approved by the faculty upon recommendation of the Admissions Committee. In such cases, students will be granted conditional admission. During this period, students are subject to the same limitations as students under academic probation described under Disciplinary Regulations in this catalog. Conditional admission will be removed after a student completes fifteen semester hours at the Seminary and keeps a grade point average of at least a C (2.0 on a 4.0 scale).

Admission to the Bachelor of Arts in Christian Studies Degree Program

In addition to the Regulations Concerning General Admission, applicants for admission to the bachelor degree program must meet the following requirements:

Minimum Education

All applicants to the bachelor degree program must have graduated from high school or received a GED. Transcripts from all educational institutions are required. Official high school transcripts or GED test scores are required unless the applicant has more than twenty-four college hours. Only official transcripts will be accepted. The Academic Records office of Mid-America reserves the right to judge which
transcripts are official and meet the Seminary’s requirements. In no case will the Seminary consider as official a transcript marked “Issued to Student.”

**ACT/SAT Scores**

All applicants (including home-schooled students) are required to submit scores from either the Scholastic Aptitude Test (SAT) or the American College Test (ACT). The SAT code for Mid-America Baptist Theological Seminary is 7039 and the ACT code is 3934. Applicants who are twenty-four or older, or have passed fifteen hours from (a) a regionally accredited college or (b) a college with AABC accreditation, and have maintained at least a C average are not required to submit these standardized test scores. (SAT and ACT scores are not used as a basis of admission to Mid-America Seminary but are used to help evaluate a student’s ability to do college level work.)

**Admission to the Master Degree Programs**

In addition to the Regulations Concerning General Admission, applicants for admission to any master degree program must meet the following requirements:

**Education Requirements**

All applicants to master degree programs must have graduated from an accredited college or university with a bachelor degree or equivalent. It is recommended that this degree should include at least sixty semester hours of liberal arts studies (other than religious studies). The applicant’s grade point average for all college-level work must be at least a C (2.0 on a 4.0 scale).

An official transcript is required from each institution of higher learning that the applicant has attended. Transcripts from institutions from which the applicant has received a degree must show the date of graduation and the degree granted. Students still in the process of completing an undergraduate degree at the time that they apply to the Seminary may submit a current official transcript. An official final transcript showing the degree granted and date of graduation must then be submitted by the end of the first semester of study at MABTS.
Undergraduate students who are within eight semester hours of graduation from college may be allowed, with faculty permission, to enroll concurrently in the Seminary for a maximum of one semester while completing their baccalaureate degree, provided that all other admission requirements are met.

**Minimum Age**

All applicants to any master degree program must be at least twenty years old by the time of their first registration.

**Conditional Admission**

The Seminary may require students to make up serious deficiencies in their undergraduate studies. All exceptions to published admission requirements must be approved by the faculty upon recommendation of the Admissions Committee. In such cases an applicant will be granted conditional admission. During this period, students are subject to the same limitations as students under academic probation, described under Disciplinary Regulations in this catalog. Conditional admission will be removed after a student completes fifteen semester hours at the Seminary and keeps a grade point average of at least a C (2.0 on a 4.0 scale).

**Non-Accredited Baccalaureate Institutions**

Students are admitted from baccalaureate institutions that are not accredited by one of the regional accreditation agencies within the following guidelines:

1. Students must have a cumulative grade point average of at least 2.5 (on a 4.0 scale), and it is recommended that their degree should include at least sixty semester hours of liberal arts.
2. Not more than ten percent of the total enrollment in master-level programs may be made up of graduates from non-accredited institutions.
3. Student must have completed the work in resident study. In the case of students who receive their degrees from institutions that offer online baccalaureate degrees, such degrees must be accredited by one of the regional accrediting agencies. The Seminary faculty will consider each application on an individual basis.
4. The Seminary faculty must approve such applicants.
5. Approved students will be on academic probation during their first semester.

The Seminary does not discriminate against students who graduated from non-accredited institutions once they have been admitted.

**Admission to the Doctoral Degree Programs**

In addition to the Regulations Concerning General Admission, applicants for admission to the doctoral degree programs (doctor of ministry and doctor of philosophy) must meet additional requirements. Please refer to the Doctor of
Admission Procedure for New Students

Admission Classifications

A regular student is one who applies for admission to one of the ten degree programs offered by the Seminary. A special student is one who applies to take courses at the Seminary but does not intend to complete requirements for a specific degree. Both regular students and special students must fulfill all admission requirements for the academic level at which they intend to register for courses.

Educational Transcripts

Each degree program has a required prerequisite minimum education, which is described fully in the section concerning each degree. In general, an applicant for the undergraduate degrees must submit an official high school transcript or GED, and an applicant for a master degree must submit official transcripts from all undergraduate colleges or universities that granted the student credit for academic study. The applicant is responsible for requesting that official transcripts be sent to the Admissions Department and for all expenses involved. Only official transcripts will be accepted. International students who apply must note the requirements concerning evaluation of their transcripts described in the section Admission Procedure for International Students.

**Pastoral Recommendation**

The applicant’s pastor must send a letter of personal recommendation, which must affirm the prospective student’s Christian character and suitability for seminary study. If the applicant is a pastor of a church, the letter may come from another pastor qualified to evaluate the applicant or from a denominational worker, such as the applicant’s associational director of missions.

**Church Endorsement**

The clerk, or other authorized person, from the church of which the applicant is a member must complete and sign the official church endorsement form in the registration materials. This form certifies that the church has endorsed the applicant for study at the Seminary.

**Personal References (Two)**

Two personal friends, other than family, must write letters of recommendation. These referents must be individuals who have known the applicant for at least a year; previous teachers are acceptable for this purpose.

**Credit Reference**

Each applicant must submit a letter of credit reference from a bank or business that affirms satisfactory financial experience. Applicants must verify that they are financially responsible. They must handle their current financial obligations, including student loans, consistent with the standards of the Seminary concerning financial integrity. The Seminary is entitled to secure a report through a standard consumer credit association confirming the credit history of the applicant. Continued enrollment in the Seminary requires continued financial integrity, including acceptable credit standing.

**Background Check Authorization**

Applicants must complete and sign a background check authorization. This form authorizes the seminary to utilize a third party to search for criminal records.

**Added Requirements of Specific Degree Programs**

Applicants for a specific degree program must meet all requirements for general admission as well as the requirements for the specific degree program for which they apply. These requirements are listed fully in the sections of this catalog that describe each program.
Time Limitation for Admission

Once applicants have been notified of approval for admission, they have one year from the date of notification in which to register for classes. After one year the application expires, and the applicant must begin the process again.

When Admission Is Declined

Materials relative to application are considered confidential and the Seminary has no obligation to disclose information regarding an applicant’s being declined admission into the program to which application is made.

Admission Procedure for International Students

Applicants who are not citizens of the United States must meet the following additional requirements for admission to the Seminary:

Immigration Laws

This school is authorized under federal law to enroll nonimmigrant students. All requirements of the Immigration and Naturalization Service of the United States must be satisfied before the applicant will be admitted. The Academic Records office will provide international applicants information about the Certificate of Eligibility for Nonimmigrant (F-1) Student (Form I 20A-B). Applications from international students are considered by the Admissions Committee of the various programs on the same basis as all other students.

Financial Responsibility

International applicants must submit documents demonstrating funds available or guaranteed support adequate for international travel, educational expenses, and living expenses in the United States. The Seminary will provide a Financial Statement for International Applicants form that must be used for this purpose. This statement also requires certain designated affidavits that must be provided. The Seminary, at its discretion, may require the applicant to submit an Affidavit of Support (Form I-134), which is issued by the Immigration and Naturalization Service of the United States Department of Justice.

The Seminary will not accept financial responsibility for any part of an international student’s support in connection with its academic programs. Beyond the low cost of tuition, the Seminary is not in a position to provide financial support. Students must not depart from their home nation before receiving confirmation of admission approval and the Immigration I-20 form from the Academic Records office. International students are required to meet the financial deposit required by the Seminary. The deposit is refundable to the student upon graduation or withdrawal from the Seminary.
Transcript Requirements

International applicants must meet the same academic prerequisites as United States citizens for the program for which they are applying. Official transcripts (translated into English) of all institutions of higher education that the applicant has attended must be submitted. If the applicant has received postsecondary degrees from an institution outside the United States, these degrees must be reviewed by the Academic Vice President and/or an independent credentials evaluation agency. The applicant must pay for all expenses involved in this process. The Seminary will provide international applicants with information about this upon request. Applicants who received postsecondary degrees from a United States institution of higher education must submit official transcripts.

English Language Requirement

All instruction at the Seminary is in English. Applicants whose indigenous language is not English must score at least five hundred fifty on the paper-based Test of English as a Foreign Language (TOEFL) or seventy-nine to eighty on the Internet-based TOEFL for master and associate work and six hundred on the paper-based TOEFL or one hundred on the Internet-based TOEFL for doctoral work. This examination must be completed no more than two years before admission to the Seminary.

In the United States, information concerning the TOEFL examination may be received from the Educational Testing Service: P.O. Box 899, Princeton, NJ 08549. Outside the United States, information concerning the TOEFL is available from United States embassies, consulates, or information centers. The MABTS code number, 1712, must be used to report TOEFL scores.

Exceptions to this requirement are presented to the Master and Undergraduate Committee, which must then be approved by the faculty. Students who have received a postsecondary degree from an English-speaking institution of higher learning, particularly from the United States, Canada, or Great Britain, sometimes are not required to take the TOEFL exam. This is not an automatic exception and is determined on an individual basis.

Conditional Admission

Because of the cultural, language, and educational diversity associated with living in a complex world, international students face a special challenge in succeeding at Seminary studies. The Seminary makes every effort to admit as students only those who are well-suited to its programs. However, the Seminary always reserves the right to evaluate the progress of all students.

International applicants are admitted with the provision that their status and academic progress is reviewed at the end of the first semester of study and thereafter at the end of each year of study. The Seminary may require remedial studies or restrict the academic course load of any student, including internationals, if these actions appear to be in the best interest of the student.
Readmission of Former Students

Out of School One Semester

No readmission requirements are imposed on associate, bachelor, or master students who have dropped out of school for one semester (special or summer terms do not figure in calculating semesters).

International students on a F1 Visa must maintain continuous enrollment as a full-time student in order to maintain the visa status and avoid illegal residence in the United States.

Out of School More Than One Semester

Students who have not been enrolled for more than one semester (excluding special or summer terms) must submit a new application to the Seminary. Applicants must complete a background check authorization form and answer the personal questions concerning God-controlled living. A nonrefundable application fee of $35.00 must also be included. The Admissions Committee reviews these materials, and the applicant will be advised of any special requirements concerning readmission.

Graduated but Returning

Students who graduate from Mid-America and want to return within one calendar year of graduation must complete an Application for Readmission and submit a letter of explanation describing their activities since graduation. A non-refundable readmission fee of $25.00 must be included with the application.
Registration Requirements and Procedures

Registration procedures are coordinated through the Registrar’s office. Registration is online, and students are responsible for registering for any academic semester or mini-term for which they want to enroll. This procedure includes completing requests for information, selecting courses, and paying tuition.

Preparing for Registration

Students must gain financial and practical missions clearance with four offices before they can register for classes for a new semester or mini-term: the business office, to satisfy any outstanding financial accounts; the Library, to pay any assessed fines; the Student Housing office, to satisfy any outstanding rents or fees; and the Practical Missions office concerning responsibilities remaining from the previous semester.

Registration for Classes (Registration)

Currently enrolled students may register for the following semester during the designated registration period. Students will have specific dates to register based upon the number of credit hours completed. A schedule of these dates will always be posted and publicized on-campus. The Academic Records office will assist by providing students with a degree audit worksheet of their degree-plan requirements. Degree audit worksheets are also available at mabts.edu.

If a student does not register during the designated registration period, he or she must register for the following semester or mini-term on the late registration day by setting up an appointment with the Registrar and business office (see the academic calendar). In addition to selecting his or her courses, the student must finalize all matters with the pertinent Seminary offices, which includes the payment of tuition for the previous semester as well as payment arrangements for the current semester. Students may drop or add courses beginning with the first day of classes for the new semester with the standard drop/add fee assessed.

Student Orientation

New Student Orientation is held on-campus before the start of each semester for all new students. It is designed to give an informative and enlightening overview of
Seminary life. Students are introduced to the different departments of the Seminary and their designated functions; important and helpful information is shared during the session. Orientation dates and times are included in the acceptance letter. New students enrolled in mini-terms are encouraged to visit Campus Life when on-campus for their first course.

**Late Registration Day**

During the regular academic year, late registration day is scheduled on the Monday before classes begin for each semester. If that specific Monday happens to be a holiday and the Seminary is closed, registration will be the preceding Friday. Registration on this day will be done by appointment only. The appointments are made through the Registrar and the business office. For mini-terms, registration is held on Monday through Sunday, four weeks before classes begin. Students must finalize all official matters with Seminary offices and verify courses on registration day. See the academic calendar to verify the specific dates of registration.

**Late Registration Fee**

Late registration will incur an additional fee of $100.00 and is by appointment only. This fee may be waived for those that make an appointment before the end of the registration period. Payment of tuition is considered part of registration and must be made by the deadline or during a late registration appointment.

**Student Identification Cards**

Student identification cards are produced for residential students (excluding audit students) during orientation and for mini-term or doctor of ministry students during the first week a student is on-campus for classes. At the Cordova campus, student identification cards are used to access the building and various areas within the building; these cards also function as a library card and record attendance at report hour.

**Adding and Dropping Courses after Registration**

Before the first day of class, courses may be added and dropped by contacting the registrar. There is no additional fee for adding and dropping courses before the first day of class.

After the first day of any academic semester or mini-term, courses may be added and dropped through the registrar only by completing the appropriate forms. At the Northeast campus, students who wish to drop a course must contact the director’s office. There is a $5.00 charge for each course added or dropped. Courses may not be added after the fourth class hour of any semester. Courses may not be dropped after the twelfth class hour of the semester. Classes dropped before the twelfth class hour will be recorded as WP (Withdraw Passing) on the student’s official transcript.
and will not be factored into the student’s GPA. Any course dropped after the twelfth class hour will be recorded as WF (withdraw failure) on the student’s transcript and will be factored into the student’s GPA as a 0.00. The GPA points may be replaced by a higher grade if the student retakes the course. In emergency cases beyond the student’s control, the faculty may be petitioned to grant an exception.
The Practical Missions Program

The Nature and Scope of the Practical Missions Program

Mid-America Baptist Theological Seminary seeks to train for effective service those whom God has called. Therefore, evangelism at home and cross-culturally is the Seminary’s theme and mission. Practical mission work is the demonstration of what the student learns in the classroom. Students are expected to fulfill the biblical command to witness and thus are required to meet mission assignments each week, share their faith, and report on the work completed. This linking of the classroom and the practical aspects of ministry and evangelistic zeal is one of the unique identities of Mid-America.

On Tuesdays and Thursdays at the Cordova campus and Wednesday or Thursday at the Northeast campus, fifteen minutes of the chapel service is dedicated to report hour. During this period, the president, the practical missions director, and various professors report on their evangelistic witness for the week. Following these reports, the students share the fruit of their witnessing. Students are involved in hands-on missions work throughout the Memphis-metro and outlying areas. Each year students witness to thousands through their practical missions activities and their personal evangelism, and each year students lead thousands to profess faith in Christ.

Practical Missions Assignments

Each full-time student (twelve or more hours per semester) must complete two mission assignments per week during the semester. Each part-time student (eleven or fewer hours a semester) must complete one mission assignment per week during the semester. A mission assignment consists of approximately one hour of ministry time and normally provides the student with the opportunity to present the type of witness described in this section. The total number of practical mission assignments that a student may complete during any given week is computed on this basis.

Each first-year student at the Cordova campus not currently serving as a ministry related staff member is required to participate in one of the different practical missions opportunities associated with the Seminary. These opportunities include work with the prison ministries, urban outreach, the Fellowship of Christian Athletes, Campus Crusade, hospital ministries, rescue mission ministries, church survey work, Evangelism Explosion, and Continuing Witness Training. Similar ministries are available at the Northeast campus. These activities are designed to orient the beginning students to evangelistic ministries outside the local church.
The first-year full-time student is to participate in one evangelistic ministry through the local church and one non-church-related practical mission ministry. The first-year part-time student is to participate in one evangelistic ministry through the local church. The Practical Missions Department may grant special permission for the first-year student in unusual circumstances to do a specialized evangelistic ministry.

**Personal Witnessing**

All enrolled students must witness to an average of at least one person per week during the semester. To constitute a personal witness, the interview is to include a presentation of the plan of salvation to a person believed to be unsaved and an invitation for that person to receive Jesus Christ as Lord and Savior. The essential elements of the Gospel—faith in Jesus Christ alone and repentance of sin—are what the Seminary holds to be necessary for salvation. In order to fulfill the personal witnessing requirement, no other element should be involved in the Gospel witness (i.e., baptism, church membership, etc.).

**Chapel and Report Hour**

All students are required to attend report hour and chapel in its entirety every Tuesday and Thursday. Each student is required to report his or her practical missions activities online weekly. A student is not allowed more than six unexcused absences from chapel and report hour during a semester. Students at the Northeast campus must attend chapel and report hour during the regular chapel time on either Wednesday or Thursday, unless the student has a night-only schedule.

A student unable to attend chapel and report hour on a regular basis as the result of a schedule conflict with essential outside responsibilities may petition the director of Practical Missions for excused absences for the semester. Requests are submitted to the Practical Missions office and must be renewed each semester (August and January).

**Minimal Requirements for the Practical Missions Program**

In order to meet the minimal requirements for the Practical Missions program each semester, students must satisfy three criteria:

1. Full-time students must complete an average of two practical missions per week, and part-time students must complete an average of one practical mission per week. With each semester’s registration, students must list the practical missions in which they will be involved on SonisWeb in order to clear the practical missions hold they will have on their student account each semester at the time of registration. Full-time students must complete at least 75 percent of the practical missions required that semester from each of the practical missions they list in SonisWeb. The remaining 25 percent of the practical missions due for that semester may be from practical missions other than those for which the student registered.
2. Students must witness to an average of at least one person per week during the semester.
3. Students must not have more than six unexcused absences from chapel and report hour during the semester.

**Relationship of the Practical Missions Program to the Academic Programs of the Seminary**

The Practical Missions program is an integral part of the training for every student enrolled at Mid-America. No academic credit is given for the practical missions requirements. However, no academic credit is given to any student for the semester if he or she does not satisfy the minimal requirements for the Practical Missions program for that semester. No student is permitted to graduate from the Seminary without completing the Practical Missions requirements for each semester enrolled.

Students failing to complete the requirements for the Practical Missions program are subject to probation or dismissal by action of the faculty upon recommendation of the Academic Council. The semesters of dismissal, as well as possible readmission at a later time, are the same as those noted under Disciplinary Regulations in this catalog.

**Practical Missions Probation**

Students who do not fulfill and report requirements correctly and on time for each semester are subject to a probationary period. If students fulfill their Practical Missions requirements in the following semester, they are removed from probationary status. However, if students persist in delinquency during the probationary period, they may be suspended from classes for one semester by action of the faculty. Students failing to complete their total practical missions requirements by 4:30 on the third business day after the last exam day of a semester may not receive academic credit for that semester.
