Go To School With Your Family.

We know the importance of family. Since 1972, we’ve been building a family of pastors, educators, missionaries, and ministry partners who love God, people, and each other. We’ve done it by investing in our students as much as teaching them. Whether it’s in classrooms, hallways, or the cafeteria, you’ll find our professors and students developing relationships that will last for a lifetime. So don’t leave your family, grow it.

About Mid-America

Founded in 1972, Mid-America Baptist Theological Seminary (MABTS) provides biblical-based theological training for those whom God has called to vocational Christian service. MABTS operates two campuses and offers several undergraduate and graduate degree programs, including theology, missions, Christian education, and now biblical counseling.

MABTS provides a distinctive type of education. In conjunction with our strong academic programs, we implement a practical missions program that challenges students to minister in their communities while they are in school. The goal is for students to train as well as learn. In addition, our faculty is engaged in the lives of students both inside and outside the classroom, as available for advice and prayer as they are for academic guidance.

PhD or DMin in Practical Theology with an Emphasis in Biblical Counseling*

We offer two doctoral-level degree programs focused on biblical counseling. Both programs are offered in association with the Institute for Nouthetic Studies (INS), and the inaugural seminars will be taught by faculty from the INS, including Dr. Jay Adams and Donn Arms. Our biblical counseling programs will focus on equipping students to use the Scriptures as the basis for any counseling needs in both the local church and in parachurch ministries.

Our PhD program is designed to train students for teaching in a university setting and other specialized fields, while our DMin program is designed to prepare students for effective ministry. For more information or to apply, visit us at www.mabts.edu or call our admissions office today at 901-751-3060.

- Miller Analogies Test

DMin Prerequisites
- Minimum of two years of ministry experience

PhD Prerequisites
- Six Hours of both Greek and Hebrew
- Two Hours of French, German, or Latin
- Week-long Graduate Teaching/Research and Writing Course

Many churches these days require that their pastoral staff members have a minimum of a master’s degree, even if that degree is from an integrationist or secular school. For several years we have been praying for the opportunity to partner with a school that can offer a respected degree and this past year God has answered that prayer!

We are pleased to announce that the Institute for Nouthetic Studies is working with Mid-America Baptist Theological Seminary to build a PhD and a DMin program in Practical Theology with an Emphasis in Biblical Counseling. It is an informal relationship in which Dr. Adams and I will be teaching their inaugural seminars in counseling in January and June of 2014.

A Great Training Ground

“Mid-America has been a great training ground for me. You can’t come through MABTS and not have a heart to reach people for Jesus. It is embedded in the fabric of every professor at the school. Each professor has a pastoral heart, and they work to shepherd each student through every class. I know that I’ll leave Mid-America with a deep care for people, and a deep desire to see people come to know Jesus. At Mid-America you’ll find a community of believers that really love Jesus, and it can’t help but rub off on you.”

Steve Coble, MDiv

Why Mid-America?

Founded in 1972 to provide a conservative alternative for seminary training, Mid-America has developed into a premiere institution for theological education. More than 90% of our alumni are involved in vocational ministry, with others teaching at seminaries and colleges throughout the world.

Though we pride ourselves in the academic excellence of a Mid-America education, we ultimately think of our impact in terms of changed lives. Mid-America instills a passion for missions and equips students to evangelize effectively. Since 1972 thousands of individuals have heard the Gospel from students at MABTS, and 150,000 souls have professed Christ as Savior and Lord through these interactions. Students have participated in 10,679 hours of practical missions this past year, representing countless lives influenced for the Kingdom. The Mid-America family invests in our students, and our students invest in the lives around them.

Why Mid-America? Because we are training men and woman to make a difference, teaching them to exalt Christ while they serve their community and church. Come join the Mid-America family and discover how God will use your time at MABTS to equip you for a lifetime of ministry.
